News from the Principal's Desk...

I just wanted to take this opportunity and thank the students, parents and community for their assistance and understanding of our “new” world and expectations here at school. Without your help we could have not made it this far into the school year without one reported case of Covid in our school (fingers crossed). We want to thank the students and parents for your support during these uncertain times. If everyone continues do their part we can expect success into the New Year.

Moving forward into December, our school will continue to make the efforts to maintain health and safety for our students and staff. For that reason, we will not be doing any Christmas concerts or dinners like the past. Hopefully by next year at this time we can continue with tradition and host the events our community loves to do for the students. There may be some concessions for individual classroom activities, but that has not yet been determined.

We are limited to what we can do for the students here at school with the Covid virus regulations. Our staff and students at CCS will continue to be vigilant to ensure the health and safety of everyone. Here is hoping that December will continue to bring health, happiness and we look forward to a bit of a break before getting back at it in January. Thank you once again from all staff here at CCS.

Kim Eiteneier, Principal at CCS

Remembrance Day 2020

In Flanders Fields
John McCrae

In Flanders fields the poppies blow
Between the crosses, row on row,
That mark our place; and in the sky
The larks, still bravely singing, fly
Scarce heard amid the guns below.

We are the Dead. Short days ago
We lived, felt dawn, saw sunset glow,
Loved and were loved, and now we lie
In Flanders fields.

Take up our quarrel with the foe:
To you from failing hands we throw
The torch; be yours to hold it high.
If ye break faith with us who die
We shall not sleep, though poppies grow
In Flanders fields.

Healthy and Safe Communities = Healthy and Safe Schools

A Message from Saskatchewan's Education Partners

November 17, 2020

Education sector organizations in Saskatchewan have joined together to ask all communities to do their part in following the recommended health measures to reduce the spread of COVID-19 and help keep our schools safe. We have heard the calls to action from health officials, medical experts and doctors – we all must do our part.

School divisions in Saskatchewan started the school year, and have continued, with an abundance of caution – for good reason. Teachers, support staff, boards and administration, bus drivers, custodial and facilities staff, along with the support of students and families, have been working tirelessly to follow the public health guidelines, including: creating cohorts, reducing transitions, limiting extra-curricular activities, increasing cleaning measures and hand washing, and wearing masks. We do all of this because our priority is to provide a safe learning environment.

With increasing rates of community spread and rising cases throughout the province, we do not want our schools to have to close again. We all need to do our part to ensure we have safe and healthy communities that support and wrap around the staff and students in our schools.

Together we can reduce the spread – let's all do our part to keep Saskatchewan schools safe!

Sincerely,

A stylized, handwritten signature in grey ink.

Also during Education Week staff was given the opportunity to answer a Q & A survey.
Here is what Miss Schigol's response was to a few of the questions:

Miss Schigol

What do you love about teaching?

- Sharing my knowledge and experience and seeing kids "get it".

What do you like to do outside of school?

- Sewing, playing video games, painting, hiking and spending time with family.

What's the best thing about being a teacher?

- Getting to know my students and talking about our shared interests.

What is your most embarrassing teacher moment?

- One time during my first student teaching placement, I tripped and fell up a flight of stairs in front of a full classroom with the door wide open.

What are three things you would take to a desert island?

- A water purification system/LifeStraw, a good knife, and good pair of shoes.

What one piece of advice would you give to your students?

- Take time to enjoy nature and the outdoors—a good walk in the woods is therapeutic.
