TORNADO HUNTERS

CCS was lucky to experience The Tornado Hunters through a virtual presentation these past couple of weeks. The Tornado Hunters have a combined 40+ years of chasing mother nature's fury across North America. They have first hand knowledge of close to 400 tornadoes.

Beyond tornadoes they have experienced some of the most powerful lightning events, devastating hail, hurricanes and more. The goal of their presentations is to bring this knowledge and these stories into the discussion to educate and entertain the students.

First drill of the year!

We are in uncertain and challenging times. Now more than ever is the time to care and show love! We have spent some time in September at CCS learning about how we can reduce the spread of the coronavirus. As we continue to practice safety measures, let's turn our focus to how we can encourage the spread of kindness. One of the best ways to teach our kids about kindness is to demonstrate it. Here are some simple ideas for us to model:

- Thank you for your continued support of our school and staff. Stay well!

A woman with dark hair, wearing a red long-sleeved shirt and a patterned face mask, stands in front of a large banner. The banner has a white background with a colorful, patterned border. At the top, it says "Be the 'I' in Kind!" in black text. Below that, the word "KIND" is written in large, bold, red capital letters. The woman is standing in front of the letter "I".

Poetry Institute of Canada

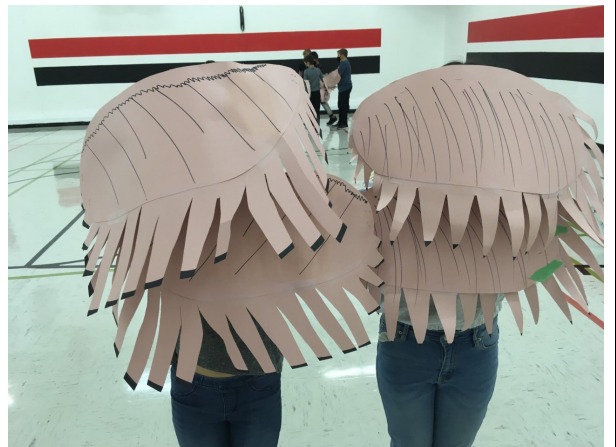

Young Writers Creative Writing Contest

Congratulations to Desmond Ritchie!!

**“The Instinct of Bullying” will be published
in the upcoming anthology
The Raven’s Riddles.**

**Mr. Geerdts Grade 6 students are rehearsing
their Eagle Dance as part of Arts Education
Class. They are learning that cultures identify
with items from their environment to help
them be courageous. By performing a dance
before a war invoked bravery and courage in
those doing the dance, thus identifying with
the fearless eagle.**

Thank you Crossroads Credit Union for providing the funds to purchase new furniture to enrich our classroom. The students love the Tall Team Table and Workstation, Hush pods, and Stand-up desks. Once again thank you for meeting the diverse needs of our student population.

*Thank
you*

Crossroads
CREDIT UNION

The Tall Team Table and Workstation is the first choice for most students. The tall chairs, wide work space and power data ports support technology and comfortable learning.

The Hush Pods are independent work areas that are ideal for learners who need a very quiet secluded work space. The Hush Pods are a refreshing workspace with safe distancing.

The Stand-up desks have adjustable heights to desensitize if the students are experiencing sensory overload.
